DETAILED ACTION

Claim Objections

Claims 10-15 are objected to because of the following informalities: Claim 10 is numbered as depending from itself. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 10-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite because the claim depends on itself, and thus, the claimed structure cannot be ascertained.

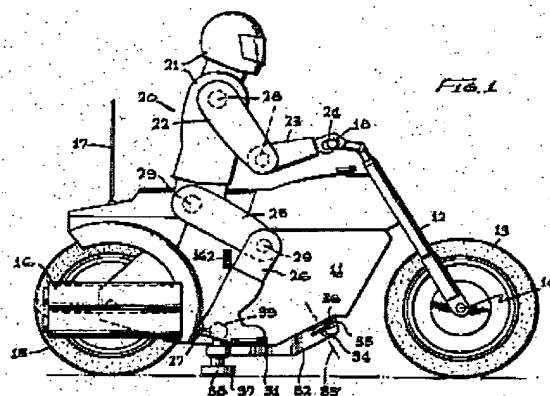

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

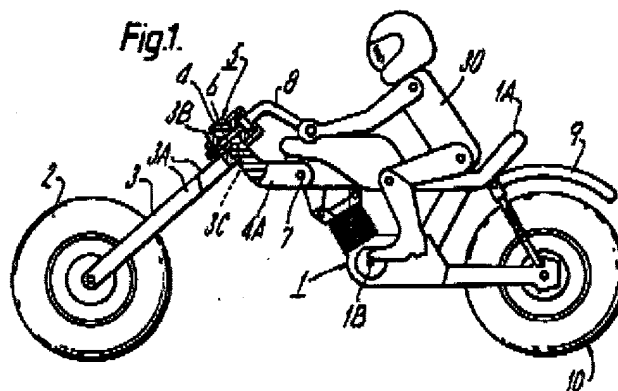

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Goldfarb et al.

Goldfarb et al. disclose a toy action figure comprising shoulders, arms, legs, hands, feet, a body, a plurality of joints in the shoulders, arms, legs, hands, feet and body and connection means disposed in the hands and the feet for enabling releasable connection of the action figure to a toy vehicle.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Great Britain Publication No. 2130495 (hereinafter GB '495).

GB '495 discloses a toy action figure comprising shoulders, arms, legs, hands, feet, a body, a plurality of joints in the shoulders, arms, legs, hands, feet and body and connection means disposed in the hands and the feet for enabling releasable connection of the action figure to a toy vehicle; the connection means in the feet comprises a retractable clip (1B) being selectively retractable from the

feet (the clip 1B is selectively retractable when the motorcycle front wheel unit is pivoted to another configuration) when need for securing one or more of the feet to a toy vehicle.

Allowable Subject Matter

Claims 3-8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 9 is allowed.

Claims 10-15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
